LOGIC®

STYLISH, HIGH-PERFORMANCE
ROLLER BLINDS

LOGIC®

LOGIC®

THE REFINED APPEARANCE OF LOGIC® ROLL SHADES IS DUE TO THE USE OF ADVANCED 'ULTRA-SONIC' FABRIC CUTTING TECHNOLOGY.

Roller blinds are perfect for adding simple, modern style to your home.

THE STYLISH PERFORMER.

LOGIC® is an extremely popular choice due to its modern, clean and minimalist appearance. Reasonably priced and fashionably designed, LOGIC® roller blinds suit any domestic or commercial residence.

LOGIC® is simple, stylish and well suited to those seeking a modern finish to their home. Combining great design with an extensive range of environmentally tolerant fabrics, LOGIC® provides both optimum appearance and protection.

LOGIC® is the most multi-functional blind in our range. Logic complements every living space in your home or work environment.

LOGIC® roller blinds are available in an extensive range of fabrics, many of which are exclusive to Designed Blinds Australia.

Trying to find that happy medium between privacy and light control? Keep the neighbours out and let the light in with Designed Blinds Australia uniquely designed Dual system. Dual allows you to operate two blinds independently on the one unique roller system.

CLEAN LINES AND A STREAMLINED LOOK. DBA PELMETS.

Pelmets conceal the blind, brackets and mechanisms at the top of a blind. This helps to clean up the overall appearance of a blind and also improves energy efficiency.

Our pelmets are designed to work with virtually every blind we make. Available in a wide variety of top quality finishes and colours, our pelmets work perfectly on any window.

Talk to your authorized DBA retailer to learn more.

MOVE® YOUR LOGIC BLINDS.

MOVE® motorised blinds offer a quiet, smooth and affordable way to automatically raise and lower your blinds. A MOVE® motorised system can cost less than half as much as other systems on the market.

MOVE® motorised systems are the perfect solution for blinds that are in hard to reach or out of the way places. The stylish Italian-designed controllers and quiet motor systems are exclusive to DBA, so now you can enjoy low cost motorisation on LOGIC® and other DBA blinds.
