

Mermet E-Screen 7505 Sheer fabric range

Quality fabric made in Australia
by a trusted brand, Mermet

ABOUT THIS PRODUCT

E-Screen 7505 is a Classic Screen fabric, the original internal sunscreen® fabric. Natural light is vital for well-being and E Screen's regular basket weave gives excellent glare control, while still maintaining a clear view to the outside.

E-Screen 7505 blocks up to 94% of UV rays, helping to protect carpets and furniture from fading, and saving energy by reducing the need for air conditioning and heating.

E-Screen creates a discrete blind that is perfect in a modern or traditional setting.
