

Mermet Vela Met Green Screen fabric range

Quality fabric made in Australia
by a trusted brand, Mermet

ABOUT THIS PRODUCT

Vela Met is a Classic Screen fabric, with a metalised backing, from Mermet's Greenscreen™ range - an environmentally friendly choice.

Vela Met is the ultimate eco-friendly fabric to specify, when glare control is the main priority. With a softer fabric feel, Vela Met saves energy through maximum reflection of solar energy, reducing the need for air conditioning and heating.

Vela Met creates a blind with a fine textile look with a low openness factor of 2% giving a more opaque view to the outside.
