

## Make your home more beautiful with Shutters

We are one of the longest established and most experienced specialist shutter company in Western Australia. We offer a design and install service across the Perth metro area. We have great quality products with professional installers and supply only is also available.

We have a choice of five different ranges available, each with its own features and benefits.

American White Oak, also known as basswood is our most popular product, it's a Timber hardwood & is used extensively. The design and manufacture are formidable, and the standard paint finish UV resistant.

Shutters offer a contemporary and stylish alternative to other window dressings, either as solid shutters or adjustable louvres "plantation shutters" with an array of designs, styles and finishes to choose from, they are incredibly functional, attractive and surprisingly affordable.

## Shaped Windows are no problem

Shutters for more unusual shaped windows are an excellent solution. Any shape can be copied perfectly to give a stunning aesthetic and great light block out. This way the feature window is not lost behind curtains or roman's, and a buildings character is reinforced in the designs of the shutters. We can provide solutions for previously impossible to dress windows, as all our products are custom made to fit, we can create circular, hexagonal, triangular, arched and angled windows, whatever unusual design you have, Perth Eagle Blinds can help. Shutters are perfect for Perth's architectural shaped windows and the best solution to increase your property value too.

# Shutters

Quality, style, sophistication & easy to clean, make Shutters a must have for any quality home

# Quality is Certified

All timber products we use for Shutters carry the Forestry Stewardship Council Certification, which ensures responsible and sustainable growth & complies with the FSC Chain of Custody program that ensures the suppliers are caring for the environment.

Perth Eagle Blinds has been in business since 1983 and were the trusted name in Blinds, Shutters, Tinting & Flooring.

## Types of Shutters we have available

**Woodlore Shutters-** Made of ABS UV Treated Polymer/MDF composite

**Timber Look Shutters-** Made of ABS plastic, hardwearing, waterproof, much stronger than PVC

**Phoenix wood Shutters-** Made of Phoenix wood, has a grain & color like Tasmanian oak, very strong and wont warp or twist

**American Hardwood Shutters-** Our most popular Hardwood timber shutters are American Hardwood and have been for many years. This is a great product

**Canadian Cedar Shutters-** Cedar is a beautiful premium timber for Shutters. Cedar isn't a hard wood, but its natural colour makes it a great choice

*“Shutters are not only practical and functional, they are like a piece of art”*

Quoted by Paul Assinder- Sales Director/Designer

Tier on Tier shutters are the most versatile shutter style there is, the top and bottom sets of shutters operate independently of each other. Providing the ability to have the lower tier closed giving privacy, whilst the top tier can be fully opened revealing an abundance of natural light and often uninterrupted skyline.

Hinges come in the above colours

These shutters are housed in a track either at the top, bottom or both, which allows the shutters to glide gently across the floor. Shutters placed on a tracking system can bi-pass by sliding over each other or bi-fold back with a concertina action. Tier on Tier can be used on most windows; it is very popular. It is available in all our ranges depending on design. These shutters are housed in a track either at the top, bottom or both, which allows the shutters to glide gently across the floor. Shutters placed on a tracking system can bi-pass by sliding over each other or bi-fold back with a concertina action. Most popular option with shutters is hinged though, simple and effective, double hinged is also available.

Tracking systems allow us to shutter large openings including patios, large sliding glazed openings, room dividers, the possibilities are endless. We offer a bespoke installation service for shutters and give you a 15 year warranty.
